SENT FREE TO MEN
A MOST PLEASING REMEDY GIVEN TO QUICKLY RESTORE LOST VITALITY.
A Free Trial Treatment Sent by Mail to All Who Write.
Free trial treatments of Enervita, a most pleasing remedy are being mailed to all men who write to Dr. John S. Howell. So many who had battled for years against the mental and physical suffering of man weakness have written thanking him for the great benefit received, therefore, Dr. Howell has decided to send free trial treatments to all men who write. It is a home treatment and all who suffer with any form of weakness, resulting from youthful folly, premature loss of strength and memory, weak back, lack of vitality and confidence can now receive this treatment at home.
The treatment has a peculiar grateful effect of warmth and seems to act direct to the desired location, promoting strength and development just where it is needed. It is given to relieve the ills and troubles that come from years of misuse of the natural functions, and has met with remarkable success, even in cases approaching advanced age. A recent John S. Howell, M. D., Suite 1248 Auditorium building, Cincinnati, Ohio stating that you desire one of his free trial packages, will be complied with promptly.
He is desirous of reaching that great class of men who are unable to leave home to be treated, and the free sample will enable them to see how easy it is to successfully treat men's weakness when the proper remedies are employed. Any man who writes will be sent a free sample of literature, carefully sealed in a plain package, so that you need have no fear of embarrassment or publicity. Readers are requested to write without delay. (Adv.)

Read What This Child Says
"I got an awful bad cold last fall and just coughed and coughed, and mamma took me to our doctor, but he said he couldn't do anything for me, that we would have to move away from this place as the climate was too bad and changeable for me, and that even then I would never be strong again. We tried three different doctors but they never helped me a bit. Papa read in The Journal about these doctors and he said: 'Mamma, I think the trouble with Jimmie is that the other doctors didn't know just what ailed him; each one we have been to said it was a different thing; you go try these men.' So mamma took me down there. That was just five weeks ago, and the coughing seemed to go right away. Each night it got less any say, I got an awful appetite now; I could just eat all the time and I never cough and can run to school every day. I am going to be all right again."

Read What This Child Says
"I got an awful bad cold last fall and just coughed and coughed, and mamma took me to our doctor, but he said he couldn't do anything for me, that we would have to move away from this place as the climate was too bad and changeable for me, and that even then I would never be strong again. We tried three different doctors but they never helped me a bit. Papa read in The Journal about these doctors and he said: 'Mamma, I think the trouble with Jimmie is that the other doctors didn't know just what ailed him; each one we have been to said it was a different thing; you go try these men.' So mamma took me down there. That was just five weeks ago, and the coughing seemed to go right away. Each night it got less any say, I got an awful appetite now; I could just eat all the time and I never cough and can run to school every day. I am going to be all right again."
